

**Nats'ii Zaghe 'Snelyaayi Activity Rubric (Adobe Voice or Adobe Spark)**

**Objective:** The Activity Rubric will assess how well the lesson was presented, how well students worked in groups, and how well students interacted with audience. Teachers will look at four areas: usage of props, engagement of lesson, teamwork and reflection of presentations. Scoring will be given points 0 – 4, as 0 - no usage and 4 - achieving high proficiency in activity that was presented.

**How to use the Activity Rubric:** 1. Usage of Props: This will demonstrate time spend on preparing activity. 2. Engagement of Lesson: This will assess if student is able to engage and communicate to other students by using the language. High scores will be achieved by engaging class for the entire presentation. 3. Teamwork: Students will work in assigned groups and group will be assessed if they all participated in the presentation. 4. Reflection of student presentation: Student will journal a reflection of each presentation and asks a question, give feedback and respond to questions to achieve high scores. High scores over all will equal 16 points.

**Students:** \_\_\_\_\_ **Total:** \_\_\_\_\_/16

→	1. Usage of Props	2. Engagement of Lesson	3. Team work	4. Reflection of student presentation	Total
<b>Points</b>					
4	Used props during presentation	Engaged audience with lesson during entire lesson	All students participated in demonstration equally with staying fully in Ahtna	Asked a question, gave positive feedback and responded
